

DEEPIKA V

Aspiring Data Analyst

+91 9500715055 | Bangalore, Karnataka
deepikavb90@gmail.com | [LinkedIn](#) | [GitHub](#)

SUMMARY

Aspiring Data Analyst with hands-on project experience in Excel, Power BI, SQL and Python. Skilled in data analysis, data cleaning, and exploratory data analysis (EDA) to derive actionable business insights. Experienced in building dashboards and reports to support data-driven decision making.

PROJECTS

Global CyberSecurity Incident and Threat Analytics (Python & Power BI) [GitHub](#)

- Analyzed 3,414 global cybersecurity incidents using Python and Pandas, performing data cleaning and EDA to identify trends across threat actors, attack methods, disruption, data theft, and impact.
- Analyzed MITRE techniques, impact scores, threat actors, and economic losses to identify high-risk incidents and key cybersecurity patterns.
- Developed interactive Power BI dashboards with KPIs for incident volume, disruption, data theft, high-impact incidents, attackers, and economic impact.

E-Learning Platform Purchase Analysis (MySQL) [GitHub](#)

- Analyzed e-learning purchase data using MySQL, applying JOINs, aggregations, GROUP BY, HAVING, and subqueries to identify learner spending, course demand, and category performance.
- Identified top-selling courses, high-value learners, category revenue, unique learners, and never-purchased courses using SQL analytical queries.
- Used CTEs, CASE statements, NULL handling, and Views to create reusable reports and classify learners based on total spending.

Customer Loan Approval and Risk Analytics (Excel & Power BI) [GitHub](#)

- Analyzed 2,648 customer loan records using Excel and Power BI, performing data cleaning, transformation, and EDA to identify loan approval trends and credit risk factors.
- Built interactive dashboards to track key KPIs including loan applications, approval status, loan performance, risk distribution, and customer segments.
- Generated actionable insights on approval patterns and risk factors to support risk assessment and data-driven lending decisions.

SKILLS

- **Technical:** Excel, Power BI, SQL, Python
- **Analytics:** Data Analysis, Data Cleaning, Exploratory Data Analysis (EDA)
- **Visualization:** Data Visualization, Dashboard Creation, Reporting
- **Soft Skills:** Problem Solving, Analytical Thinking, Attention to Detail

CERTIFICATIONS

Certification in Data Analytics Mar 2026 – Sep 2026
Entri Elevate in collaboration with Illinois Tech, US

- Developed proficiency in Excel, Power BI, SQL, and Python through hands-on projects, covering data cleaning, transformation, EDA, data visualization, and interactive KPI-driven dashboards to generate actionable business insights.

EDUCATION

- **Master of Computer Applications (MCA)** - Vivekanandha Business School Thiruchengode, Tamil Nadu
- **Bachelor of Computer Applications (BCA)** - Shri Sakthikailash Women's College Salem, Tamil Nadu

EXPERIENCE

Admin Support - Vishakha Global Resources Feb 2025 – Present
• Managed administrative operations, data entry, documentation, Excel-based data organization, reporting, and day-to-day business support while maintaining accurate records.

Lead Generation Executive - Sagacious Infosystem Mar 2022 – Feb 2023
• Researched and generated potential business leads, maintained lead data, performed follow-ups, and supported sales activities through accurate data management.
