SUMMARY

Aspiring Data Analyst with hands-on experience in Excel, Power BI, SQL and Python. Skilled in data analysis, data cleaning, and exploratory data analysis (EDA) to derive actionable business insights. Experienced in building dashboards and reports to support data-driven decision making.

EDUCATION

- **Master of Computer Applications (MCA)** Thiruchengode, Tamil Nadu
Vivekanandha Business School
- **Bachelor of Computer Applications (BCA)** Salem, Tamil Nadu
Shri Sakthikailash Women's College

CERTIFICATIONS

Certification in Data Analytics Mar 2026 – Sep 2026
Entri Elevate in collaboration with illinois tech US

- Developed proficiency in Excel, Power BI, SQL, and Python for end-to-end data analysis.
- Conducted data cleaning, transformation, and exploratory analysis to extract meaningful insights.
- Built interactive dashboards and KPI-driven reports for business performance monitoring.
- Leveraged data visualization techniques to communicate trends and support strategic decisions.
- Completed hands-on projects using real-world datasets to solve business problems through analytics.

SKILLS

- **Technical:** Excel, Power BI, SQL, Python
- **Analytics:** Data Analysis, Data Cleaning, Exploratory Data Analysis (EDA)
- **Visualization:** Data Visualization, Dashboard Creation, Reporting
- **Soft Skills:** Problem Solving, Analytical Thinking, Attention to Detail, Communication

PROJECTS

Global CyberSecurity Incident and Threat Analytics (Python & Power BI) [GitHub](#)

- Analyzed 3,400+ global cybersecurity incidents using Python to identify key threat trends.
- Cleaned and transformed data using Python and Pandas for reliable analysis.
- Performed EDA on attackers, attack methods, disruption, data theft, and impact.
- Analyzed MITRE techniques, impact scores, and economic losses to identify high-risk incidents.
- Developed interactive Power BI dashboards to visualize threats, risks, and key insights.

Customer Loan Approval and Risk Analytics (Excel & Power BI) [GitHub](#)

- Analyzed 2,648 customer loan records to identify approval trends and credit risk factors.
- Developed interactive Excel and Power BI dashboards for loan performance and risk analysis.
- Conducted data cleaning, transformation, and EDA to deliver actionable business insights.
- Tracked loan approval metrics and risk distribution using interactive dashboards.
- Generated actionable insights to support risk assessment and data-driven lending decisions.

EXPERIENCES

- **Admin Support** - Vishakha Global Resources Feb 2025 – Present
- **Lead Generation Executive** - Sagacious Infosystem Mar 2022 – Feb 2023
